

New Procedures for Arrival and Dismissal as of August 29, 2011

Beginning on Monday, August 29th, ALL car riders K-5 will be picked up in the back car line. Only buses, after care vans and Pre-K parents will be allowed in the front for pick up each day. If you have a Pre-K student and an older sibling, you will pick up your Pre-K student in the front and then proceed to the back car line to pick up the older sibling. All other car traffic will enter the back car line for pick up of their students in K-5. Kindergarten students will no longer be picked up in the front. The front parking lot is not equipped to handle the traffic load of a large car line and posed several safety risks. Dismissal begins at 2:50. Please do not arrive earlier than 2:40 to pick up your child as this will only cause the car line to become congested and back up traffic on Belcher Road.
